

Highlights

- Stage must be minimum 25 x 15 feet.
- 20 lines in all required - house will need 24 channel snake (If only 16 is available please advise well in advance of the day of the show).
- In general, the monitor mix needs to be the same as the house mix as a starting point for sound check.
- We carry a dedicated advisor to the sound engineer who knows our sound and our show who will work with you to achieve the desired mix.
